PONDICHERRY ENGINEERING COLLEGE

Pondicherry Engineering College (PEC) is an autonomous Institution funded by Government of Puducherry and is affiliated to Pondicherry University. The college is situated on East coast Road at about 12 kms north of Puducherry. It is about 160 km south of Chennai on the shores of Bay of Bengal. PEC is an AICTE recognized Minor QIP centre for doing M.Tech. and Ph.D. It is an AICTE recognized research institute offering National Doctoral Fellowship for doing Ph.D. The college is also receiving funds from AICTE, DST, MNRE, etc, of Government of India, through several projects undertaken by the faculties.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

The Department of Electrical and Electronics Engineering offers B. Tech., M.Tech. and Ph.D. programmes. The Department has highly qualified, experienced and committed faculty members with expertise in all specializations of Electrical and Electronics Engineering. The Department has well equipped laboratories with state of art modern instruments to cater the need for teaching and research activities. The Department also has excellent computational facilities and a library with several volumes of books. The Department of EEE has become minor QIP centre from the year 2013.

CONFERENCE

The international conference on advances in modeling, control and optimization of electrical systems (ICAES 2020) aims to become the leading international conference in fields related to electrical engineering and electronics. The goal of ICAES 2020 is to gather academicians, practicing engineers and research scholars from all over the world to present advances in the relevant fields and to foster an environment conducive to exchange ideas and information.

CALL FOR PAPERS

Authors are invited to submit their original, unpublished, full length research papers for the international conference ICAES 2020. The topics of interest are:

Power generation, transmission and distribution
High voltage engineering
Renewable energy
Smart grid technologies and applications
Power systems
Power electronics, systems and applications
Circuits, systems and signal processing
Electrical machines and adjustable speed drives
Optimization algorithms and applications
HVDC and FACTS
Embedded systems
Electric Vehicles
Control, computing and communication

PUBLICATION

All the submitted papers will be peer reviewed by conference committee, and undergo plagiarism check. All the accepted and registered papers will be published in ICAES 2020 conference proceedings with ISBN number. In addition, selected papers will be considered for publication in the following Scopus indexed journals with additional cost.

International Journal of Engineering and Advanced Technology(IJEAT)
International Journal of Advanced Science and Technology(IJAST)

SUBMISSION OF PAPERS

Authors can submit the papers in MS word format directly to the email id icaes2020@gmail.com. Papers should be submitted in standard IEEE double column format. Maximum number of pages
